

## UNWEIL TABLET ON BELL TAVERN SITE

Ceremony Takes Place This Afternoon at Fifteenth and Main Streets.

GOVERNOR STUART TO SPEAK

Famous Building Formerly at This Point Was Used as Recruiting Station for Volunteers During War of 1812—Will Mark Other Sites.

To mark the site upon which several companies of militia were raised just a century ago to protect Richmond from a threatened invasion by the British, Doretha Payne Madison Chapter, National Society United States Daughters of 1812, has caused the erection of a tablet at Fifteenth and Main Streets. The tablet is inscribed in the retaining wall of the Chesapeake and Ohio Railway Station, which stands upon the site occupied by the old Bell Tavern, used as a recruiting station during the second war with England. Governor Henry Carter Stuart will make brief remarks to-day when the tablet is unveiled. The ceremony will begin at 2:30 o'clock this afternoon. The tablet will be presented to the city on behalf of the society by Mrs. Lelloy Brown, and will be received by Mayor George A. H. H. Taylor, son of Mr. and Mrs. A. L. Goddin, and descendant of Major Crutcher, will do the unveiling. Rev. J. Calvin Stewart, Jr., D. D., will pronounce the invocation, and Rev. J. Yates Downman the benediction.

It is expected that a large crowd will be present to-day at the ceremonies. The annual convention of the State society has been in session for the past two days in Petersburg, and many of the delegates will be here to witness the unveiling. Among them will be Mrs. Charles C. Gibson, of Washington, the State president. Roy Scouts of the city have been invited to attend in uniform.

The old Bell Tavern took its name from its Quaker owner, Nathan Bell, great-grandfather of Mrs. Ashton Starke. Nathan Bell owned the property, but leased it never having run the tavern himself. The building was built in the shape of an "L," and a part of it afterwards was incorporated in the old St. Charles Hotel. It is said that on two occasions the river rose to its very doors, and canoes were necessary to bring the guests into the house dry-shod.

The committee in charge of the ceremony is composed of Mrs. G. T. W. Kern, Mrs. Lelloy Brown, Mrs. T. A. Bock, and Mrs. B. J. Taylor. The sites committee is composed of Miss Katherine Evans and Mrs. H. S. Alley. The society expects to mark other sites in the near future.

## SHOOT AT BURGLAR

Mrs. G. J. Davidson Fires Twice But Intruder Escapes.

Mrs. G. J. Davidson, 601 Virginia Avenue, Wednesday night shot at a burglar in her house but failed to inflict sufficient injury to stop his flight through the front door, and the man escaped. Mrs. Davidson, who is the wife of Dr. G. J. Davidson, a dentist with offices at 719 East Grace Street, heard of her house shortly after midnight. Without disturbing her husband, she secured a revolver and proceeded to the front door. As she opened the door she saw the dimly outlined form of a man moving through the hall toward the front door, which had been left open. Without hesitating, Mrs. Davidson leveled her revolver and fired. The bullet struck the intruder in the chest, but he did not stop. He ran and dashed for the open door, and neither shot stopped him. The intruder passed out of the door, and appeared in the darkness. The prompt action taken by Mrs. Davidson prevented the thief getting away with anything.

## CLEAN-UP CAMPAIGN PRESSED BY POLICE

Twenty-One Alleged Violations of City Ordinances Are Reported.

ASHES AND TRASH IN STREETS

A. L. Phillips Charged With Allowing His Wagon to Spill Dirt on Streets—Special Officers Will Continue to Report All Offenders.

Police yesterday reported twenty-one additional alleged violators of the city "clean-up" ordinance. Contrary to the reports of the previous days, it was noticed yesterday that several of the summonses would charge the citizen with allowing trash to remain on the sidewalks before his house or place of business. This is a new feature to the campaign, which Major Werners is making in an effort to make Richmond a model city, as in each of the cases previously reported the offenders seemed to have confined themselves to the alley in the rear of the houses or establishments.

At the Second Precinct Station the following reports were made last night: E. Robinson, 535 West Leigh Street, garbage on the street; R. Cephas, 605 East Clay Street, trash on the street; D. Lardi, 19 East Leigh Street, trash on the street; A. L. Phillips, allowing his wagon to spill dirt on the streets; William Gozor, 513 West Broad Street, ashes in the alley; A. C. Mohl, 517 West Broad Street, ashes and trash in the alley; Jennie Venable, 520 West Leigh Street, dirt in the alley; B. C. Levy, 10 East Broad Street, ashes and trash in the alley; Mrs. G. P. Grant, garbage in the alley in the rear of 404 East Main Street, and E. L. Parrish, 213 West Broad Street, allowing trash to remain in his alley.

## PHILLIPS CASE IS FIRST OF ITS KIND

The following persons were charged with allowing trash and ashes to remain on the street or in the alley adjoining the property in the First Precinct District: Krutzer & Harnan, 701 North Twenty-fifth Street; M. Ediss, 1219 East Broad Street; L. Marchetti, 1700 East Broad Street; O. Marchetti, 700 East Main Street; C. B. Johnson, 702 East Main Street; E. P. Murphy, 708 East Main Street; M. Rosenberg, 5 East Seventh Street; Scott Cunningham, 7 North Seventh Street; M. E. Young, 3 North Seventh Street; and H. L. Tolson, 12 North Eighth Street. The charge against A. L. Phillips, who is alleged to have allowed one of his wagons to spill dirt on the city streets, is the first case of the kind to be reported by the police since the campaign began.

## STUDENTS FROM COUNTRY BETTER FITTED FOR WORK

Prof. Wilcox, of Cornell, Reports on Results of Examinations Covering Period of Three Years.

JACKSONVILLE, FLA., December 3.—Local life produces students who are better fitted physically for work than those born and reared in cities, according to an address delivered here to-day by Prof. Walter M. Wilcox, of Cornell University, before the vital statistics section of the annual convention of the American Public Health Association.

An examination extending over three years of students of the freshman class at Cornell showed, Prof. Wilcox declared, that students from the country as a class were taller, heavier and had greater lung capacity and greater chest girth than students from the city.

The greater death rate among negroes than among members of the white race was emphasized in an address by Dr. William F. Sumner, health officer of Savannah, Ga. He suggested a commission to inquire into the sociological and sanitary conditions surrounding the negro in his place of living.

Officers of the convention city for 1915 are expected to be selected at the final meeting of the association tomorrow, New York, Cincinnati, Baltimore and Rochester, N. Y., have invited the association's next meeting.

No session of the convention was held to-night. Other speakers to-day included Dr. Charles S. Shupe and Professor C. E. A. Winslow, both of New York.

## RASH OVER BABY'S HEAD AND BODY

Scurf on Scalp. Grew Worse. Very Restless. Formed Crust. Used Cuticura Soap and Ointment. Trouble Disappeared.

1341 Parkwood Pl., N. W., Washington, D. C.—"When my babe was about two weeks old I noticed a scurf on her scalp which gradually grew worse. It started with a fine rash over head and body and made her very restless at night. The rash left the thick scurf on her head. We used Cuticura Soap and Ointment, and a well-known anti-septic, and other remedies recommended by friends, but nothing seemed to do any good. This continued until she was three months old, and by that time it formed a crust, so that her scalp never looked clean. It was especially bad on the soft part of the head. Nothing helped until we used the Cuticura Soap to bathe her and Cuticura Ointment to anoint her. They acted like magic, clearing the scalp entirely. The trouble disappeared." (Signed) Mrs. H. L. Anderson, Mar. 20, 1914.

Wednesday Music Club Meets and Hears Fine Program—Daughters of 1812 Elect Officers for Ensuing Year, and Adjourn Convention.

[Special to The Times-Dispatch.] PETERSBURG, Va., December 3.—The Council held an adjourned meeting last night to dispose of the routine business left unfinished for want of time at the meeting the night before. All necessary appropriations for department purposes were made. The appropriation for the public schools was \$7,616. The incinerator is expected to destroy all the city's trash and garbage. A request by the Police Commissioners for an appropriation of \$750 for the purchase of two motorcycles for the use of the Police Department was referred to the Finance Committee, as was also an ordinance providing for an increase of the salary of the judge of the Hustings Court from \$3,000 to \$3,500. An ordinance providing for a building and Plumbing Code was referred to a special committee for report. A request for an appropriation of \$650 for the purchase of a safe in which to deposit the city's records was referred to the Finance Committee for report and recommendation.

## HOW RESINOL CURED ITCHING SKIN TORMENT

Baltimore, Md., May 23, 1914: "My limbs from knee to ankle were completely covered with eczema for a year. It commenced with several small water blisters which burst when I scratched them, until they developed into sores, and oozed a yellowish fluid. I hated to go in company; it itched and burned so badly. I had no rest at night. I tried a good many remedies for eczema, both liquid and salve, but they did me no good; only made the skin more rough and scaly. I learned of Resinol Ointment and Resinol Soap, and tried them, and was relieved of the severe itching and burning AT ONCE, and after a month's steady use was completely cured." (Signed) T. S. Lewis, 1821 Summit St.
